'ARIZONA' POPULAR WESTERN DRAMA TO BE GIVEN AT BIJOU TONIGHT

A reminder of good old days of cowboy and soldier life in Arizona, will be depicted tonight at the Bijou theater by the Players all-star company. While the play "Arizona" is well known to most theatergoers, it is only fair to repeat that it is one of the strongest dramas of the west ever written. In the development of the

theme Augustus Thomas has produced an ideal western military play of the better type. The comical incidents of the camp, the byplay of all the cowboys, the dry humor of the ranch owner, are all realistically depicted. Arizona, is a standard play, liked by everybody and one that has reaped a fortune for the author. George Webb will be seen as the

lieutenant, a part formerly played by Dustin Farnum. Guy Hittner will have the character of the rough ranch owner who figures prominently in the story. Miss Oakley will be seen as the daughter who is much in love with the lieutenant. Miss Ragen as her sister. A Mexican Vaquero will be played by Frank Bonner. Each member of the company will be suitably cast.

"Arizona" is an atmospheric military drama of western life, with a strong logical plot, a great heart interest, abundant comedy, an entrancing love story, humor and pathos and thrilling and spectacular dramatic climaxes. An elaborate scenic production is promised. A number of soldiers are used in the many big scenes. A special matinee will be given Saturday.

EMPIRE THEATER

Hairbreadth escapes and a host of surprises essential to the presentation of a stirring drama dealing with cowboy life on the western plains are shown in the star production, "The Last Crooked Deal," the work of a company of moving picture favorites, including a cast of clever equestrians. This picture, together with four comedies, each containing more than the requisite number of laughs, will serve to hold the interest of spectators who view the program of first run films at the Empire theater this afternoon and evening. "The Clown and the Prima Donna" is a picture filled with mythical situations.

A drama with a decided punch is entitled "The Mountain Mother." The scenes are what make this film a good picture and bring it far above the average photoplay.

"What Cupid Did" is a comedy of high order and would bear repetition on the local stage.

"The Kiss of Retribution" is also a picture that is destined to leave a pleasing impression. As a western production, "The Penalty of Jealousy" is enacted by characters who well handle the important parts assigned to them; the dramatic incidents being cleverly drawn and effectively portrayed.

An old farmer once desiring to purchase a watch, went into a jewelry shop. On being asked what he wanted, he replied: "I want a watch 15 onions fine." "You mean 15 karats fine, don't you?" inquired the jeweler. "Wa-al," replied the farmer, "I knowed it wuz some kind of a vegetable."—National Monthly.

There's always room at the top and always a crowd at the bottom.

CHAMBER OF COMMERCE PRESIDENT ENTHUSED OVER PRESENT OUTLOOK

Urging unselfish work on the part of the members in the interest of the community and the islands, and laying stress on the necessity of strong team work in order to carry out such a project, George R. Carter, president of the Chamber of Commerce of Honolulu, is enthusiastic over the outlook for what may be accomplished in the territory by the new organization. He says:

"While not unmindful of the honor conferred upon myself, I feel that success in the Chamber of Commerce of Honolulu depends as much, if not more, on the members of the newly united body and the spirit they develop as upon the officers they have elected. It is not bylaws, however good, that make a useful organization, but the live individuals behind them, the active members anxious to serve and the team work, which is nothing more than the consent to subordinate self for the common good.

Members cannot always have the glory of scoring, of reaping public applause, but they often can help the other fellow, thus materially contributing to the success of the organization. If each member will do something, some work each day for our united commercial body, it will advance rapidly and our civil life will broaden out into great usefulness.

The result will be satisfactory to us all and a source of pride to every citizen. We will, by such efforts, soon forget our troubles and begin to appreciate our good points and then be proud of our residence in the best city on the broad Pacific.

"Honolulu expects every man to do his part."

Will Germany Consent?

The report from London that negotiations are proceeding at St. Petersburg, on British initiative, to convert the entente including France, Russia and Great Britain into a triple alliance, with the idea that Germany would later be forced to join and the quadruple alliance thus formed would lead to an agreement for the limitation of armaments, illustrates the determined eagerness of Great Britain to get Germany into such an agreement. That Germany would voluntarily enter an alliance having the limitation of armaments as its object seems very unlikely. Great Britain has sounded her on the subject many times, and always with negative results. The promptness and decisiveness with which the Kaiser's Government turned down the "naval holiday" proposition advanced by Winston Churchill, first lord of the British Admiralty, is still fresh in the public mind.

The latest British plan seems to leave the German wishes temporarily out of consideration. The evident idea is to form an alliance into which Germany will be compelled to enter for her own preservation. In order to gain admission she will have to consent to the limitation of armaments.—Manchester Union.

PARENTS INVITED TO EXERCISES AT PREPARATORY SCHOOL

The pupils of the Punahou Preparatory school will hold their annual Parent's Day exercises tomorrow morning at nine o'clock in front of Charles R. Bishop hall. The program will be very short for the greater part of the time will be spent in taking in the exhibits of the various classes.

Patriotic songs will be sung in front of the school building and the five hundred students in the institution will unite in the rendering of the flag salute. Miss Wentz will lead all songs and the entire student body will sing.

After the brief program parents will retire to the lower corridor where the various classes will having drawings and other small articles on exhibit.

STRONG ALL-STUDENT TEAM TO PLAY KELOS

The All-Student baseball nine, which is to invade Kauai for the Fourth of July, have been doing some hard work of late in preparation for a game with the Kelos tomorrow afternoon on Moiliili field. "Big Bill" Inman, under whose charge the student nine is working, hopes to give the Oriental team a hard fight.

Inman himself will do the twirling, while Harry Baldwin, the crack little Punahou catcher, will be on the other end of the line. The former is in first class condition and has in store a lot of twirls and benders which should fool the Kelos.

The infield works like a machine. Inman has been working the four men overtime, and figures that they will be able to hold all the Kelos can knock. Yap will be on third. Takeuchi at short, Gay on second, and Janssen on first.

The outfield will be held down by Nye, Wadsworth and Sakai. They are all sure men and will make a strong outfield for the students.

The Government turned down the "naval holiday" proposition advanced by Winston Churchill, first lord of the British Admiralty, is still fresh in the public mind.

The latest British plan seems to leave the German wishes temporarily out of consideration. The evident idea is to form an alliance into which Germany will be compelled to enter for her own preservation. In order to gain admission she will have to consent to the limitation of armaments.—Manchester Union.

POPULAR THEATER

The Popular theater has been playing to capacity every night this week and although "Traffic in Souls" gives way today to another great six-reel feature, "Samson," it is apparent that it will be necessary to continue the first-mentioned picture later in order to satisfy the demands from residents of Honolulu who have been unable to obtain seats at former exhibitions.

Connoisseurs have selected "Traffic in Souls" as the greatest feature as yet shown here.

"Samson," with Warren Kerrigan in the title role, has been produced at an enormous expense, and is in every respect a masterpiece. This film was shown for a period of three months at one of the largest theaters in New York.

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.
Thin men and women—that big, heavy, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food does not work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good solid pounds of healthy "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh, new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive. For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co.—advertisement.
